maximumcapacity

The trusted online solutions provider to more than 1,000 organizations, 10,000 events, and 1,000,000 registrants.

Turnstile Systems' breakthrough software makes event management a snap from start to finish – helping you take your events to new heights for participation and financial success. Virtually no detail is left to chance

Event or Organization Branded Websites

A customized, year-round website that matches, complements, and strengthens your brand. It can be used as your primary website or linked from your existing site.

Online Registration

Safe, secure registration includes the ability to ask custom questions, automatic management of event and breakout session inventory (including waitlists), early and late registration prices, membership pricing and promotions.

Online and Offline Payments

Easy-to-use, intuitive, and secure credit card processing with real-time validation. Plus zero set-up or hosting fees and low processing costs. Payments can be made by check, credit card, or purchase order.

Branded Emails/Newsletters

Send unlimited emails and newsletters to individuals or groups. Easily upload lists of prior attendees or organization members and send them custom messages. Ideal for communicating schedule updates, registration status, event reminders, and more.

Automatic Confirmations and Receipts

A tremendous time-saver as these important details are taken care of without all the paperwork.

Extensive Reporting Capability

Quickly create standard and custom reports to track participant information, payment status, and other metrics that ensure program success.

Rapid Activation

We'll have you up and running in three business days or less.

Hotel Management

Simplify and streamline housing and/or hotel room block management via our Passkey™ integration.

Referral Marketing

Tell-A-Friend capability turns your event registrants into an extended sales team that generates referrals via personal email messages. This feature has helped Turnstile clients increase participation by 10% - 40% at no cost.

eRSVP

Create invitations for programs or other events. These invitations – with or without questions – can be sent to any person with an email address.

Pre and Post Event Surveys

Create your own custom survey questions and easily send them to registrants or last year's attendees. Includes graphical roll-up reporting.

Free Training

Receive training and support from our friendly professionals via live web conferencing, email, and phone. Multiple staff members can participate and online tutorials are available 24/7.

Membership Management

Create different membership levels and then offer special pricing for events and activities. Expiration and renewals are handled automatically.

To bring maximum capacity to your next event, turn to Turnstile.
